

The screenshot shows a VS Code interface with the following details:

- Explorer View:** Shows a tree structure of files and folders under "C-PROJECT-OS".
 - 📁 .vscode
 - 📁 config
 - 📁 example_files
 - 📁 included data
 - 📁 input_data
 - 🎥 cool_video_1.mp4
 - 🎥 cool_video_2.mp4
 - 📄 expected_amount.txt
 - 📄 Input.txt
 - 📄 test_01_fail
 - 📄 test_01_success
 - 📄 test_02_fail
 - 📄 test_02_success
 - 📁 OUTLINE
 - 📁 TIMELINE
 - 📁 PRETTY TYPESCRIPT ERROR
 - 📁 VS CODE PETS
- Terminal View:** Displays a session of a C project refactoring.

```
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > ./comp.out ./example_files/test_01_success ./example_files/test_02_success
The two files are identical ^_^
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > echo $?
01:55:07
2
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > ./comp.out ./example_files/test_01_fail ./example_files/test_02_fail 01:55:10
The two files are not identical x_x
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > echo $?
01:55:19
1
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > ./comp.out ./example_files/cool_video_1.mp4 ./example_files/cool_video_2.mp4
The two files are identical ^_^
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > echo $?
01:55:31
2
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > ./comp.out ./example_files/test_01_success ./example_files/test_02_success one_extra_arg
error: expected to get two file paths, instead got 3 arguments
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > echo $?
01:55:43
0
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > ./comp.out ./example_files/test_01_success ./nonexisting_file 01:55:44
An error did occur and the comparison was not checked 0_0
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring > echo $?
01:55:57
1
~/code/Colman/operating_systems/C-project-OS david-part-2-refactoring >
```
- Bottom Status Bar:** Shows the current file is "david-part-2-refactoring", along with icons for Launchpad, Connect, Live Share, Git Graph, and various status indicators like "You, 5 minutes ago", "David Norman (5 minutes ago)", and system metrics.
